Request for Confidentiality

RE:

Jabra BTE5

FCC ID: BCE-BTE5

FCC Part 15 Certification

Gentlemen,

In accordance with 0.459 and 0.457 of CFR 47, GN Netcom A/S hereby requests confidentiality of Block Diagrams, Circuit Diagrams (Schematics) and Operational Description attached for the subject application.

These documents contain detailed system and equipment description and related information about the product, which GN Netcom A/S considers to be proprietary, confidential, and a custom design and otherwise would not release to the general public. Since the design is a basis from which future technological products will evolve, GN Netcom A/S considers that this information would be of benefit to its competitors and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

In addition to above mentioned documents, pursuant to Public Notice DA 04-1705 of the Commission's policy, in order to comply with the marketing regulations in 47 DFR §2.803 and the importation rules in 47 CFR §2.1204, while ensuring that business sensitive information remains confidential until the actual marketing of newly authorized devices. We are requesting the commission to grant short-term confidentiality request for 90 days on the following attachments, External Photos, Internal Photos, Test Setup Photos and User Manual.
