GN Netcom

Made in China

MODEL: BTE6

(BC) CE **Bluetooth**®

www.jabra.com

1 HOW TO CONNECT

1. Press and hold the **Call** button and open the flip boom-arm at the same time. Release the **Call** button when the Bluetooth light rapidly flashes blue.

2. Wear the headset, and go to the Bluetooth menu and on your mobile phone and select the Jabra Motion from the list of available devices.

3. A randomly generated passcode will be announced in the headset and displayed on your mobile phone. If the passcodes match, tap the **Call** button to accept the connection.

**NOTE:** the headset can only connect to one device at a time.
2 HOW TO WEAR

HEIGHT ADJUSTMENT

Get the perfect fit for your ear by adjusting the height of the speaker up or down.
LEFT OR RIGHT EAR WEARING STYLE

The headset can be worn on the left or right ear. To switch ear:

1. Pull the speaker all the way down.

2. Rotate the speaker 180°.

3. Twist the eargel around to fit.
