

Subject: Changes to LINK350 compared to A335W.

Dear Sir or Madam,

The LINK350 Bluetooth USB dongle is based on the Jabra A335W Bluetooth USB dongle with the following changes:

- Exterior look
- Padprint A335W changed to LINK350
- Decoration outline

Software is changed only to reflect the new product name LINK350 instead of A335W.
All electrical parts are unchanged and the products are 100% identical with respect to electronics and functionality.
