## **Applicant's declaration concerning RF Radiation Exposure**

We hereby indicate that the product  
GN9300 series headset (FCC ID: BCE-GN9300US)  
is considered to be a mobile transceiver.

The internal / external antennas used for this mobile transmitter must provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter.

A safety statement concerning minimum separation distances from enclosure of the GN9300 will be integrated in the user's manual to provide end-users with transmitter operating conditions for satisfying RF exposure compliance.

The appropriate information can be drawn from the test reports no. G0M20509-9850-C-1, G0M20509-9850-C-2 and the accompanying calculations.
