

**Subject: Changes to HSX100 compared to BT530.**

Dear Sir or Madam,

The Blackberry HSX100 Bluetooth headset is based on the Jabra BT530 Bluetooth headset with the following changes:

- Exterior look
- Padprint BT530 changed to HSX100
- Decoration outline

Software is changed only to reflect the new product name HSX100 instead of BT530.  
All electrical parts are unchanged and the products are 100% identical with respect to acoustic performance, electronics and functionality.
