Subject: Changes to JX10 Cara and to JX10 compared to earlier JX10 versions.

Dear Sir or Madam,

The Jabra JX10 Cara and the JX10 Bluetooth headset are based on the earlier Jabra JX10 Bluetooth headset with the following changes:

Antenna	No change
PCB	Layout change to improve EMC performance. New PCB part number.
RF component change	RX/TX filters. No change.
HW component change	ESD components added.
Battery	No change of PCM and capacity.
SW	Minor software updates.
Enclosure	Change from plastic to metallic shells for the Cara models.
Charger plug	No change

Yours faithfully
GN Netcom A/S
