SUPPORT

FAQ

Q I hear crackling noises

A Bluetooth is a radio technology that is sensitive to objects between the Jabra Speak 450 for Cisco and the connected device. Ensure the Jabra Speak 450 for Cisco and the connected device are within 33 feet (10 meters) of each other, with no major objects in the way (walls, etc.).

Q I cannot hear anything

A - Increase the speaker volume.

   - Ensure that the Jabra Speak 450 for Cisco is connected to a device that is playing.

Q I am having pairing problems

A You may have deleted your Jabra Speak 450 for Cisco Bluetooth connection to your mobile phone. Follow the Bluetooth connection instructions again.

Q Does the Jabra Speak 450 for Cisco support other Bluetooth equipment?

A The Jabra Speak 450 for Cisco is designed to work with Bluetooth mobile devices. It can also support other Bluetooth devices that are compliant with Bluetooth version 1.1 or higher and support a headset, hands-free and/or advance audio distribution profile.

HOW TO CARE FOR YOUR JABRA SPEAK 450 FOR CISCO

- Always store the Jabra Speak 450 for Cisco with the power off and safely protected.
- Avoid storage at extreme temperatures (above 70°C/158°F or below -40°C/-104°F). This can shorten battery life and may affect operation. High temperatures may also degrade performance.
- Do not expose the Jabra Speak 450 for Cisco to rain or other liquids.
