Attn: Office of Engineering and Technology

Ref: FCC ID: BCG-E2380A and FCC ID: BCG-E2380B
Applicant: Apple Inc.

Dear Examiner,

This letter declares that the two variants of Apple Model A1332 are identical in electrical and mechanical design and the only difference is that FCC ID: BCG-E2380A has a WiFi / Bluetooth module made by one vendor and FCC ID: BCG-E2380B has a WiFi / Bluetooth module made by another vendor. The module is a component soldered to the main printed circuit board.

The cellular circuits and components are part of the main printed circuit board and remains the same for both variants of the A1332.

Sincerely,

A handwritten signature in blue ink, which appears to read "Robert Steinfeld", is written over a horizontal line.

Robert Steinfeld
