Modular Approval Request

FCC ID: BEJF1DA2835P

The following attestation addresses the requirements to support modular approval:

Modular approval requirement	Yes (provide brief statement)	No *
(a) The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly	The device is equipped with Metal shielding to cover RF section. Refer to the external photos	
(b) The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal	All inputs to the modules are buffered through logic or microprocessor inputs.	
(c) The module must contain power supply regulation on the module	Power supply regulation built into module. Refer to the circuit diagram.	
(d) The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b)	Connector is unique.	
(e) The module must demonstrate compliance in a stand-alone configuration	The originally filed test report and setup photo remain valid and applicable for RF Performance aspects. EMC testing was performed to confirm continued compliance when integrated into the HMNs.	
(f) The module must be labelled with its permanently affixed FCC ID label, or use an electronic display (See KDB Publication 784748 about labelling requirements)	Label is to be placed on front of the EUT, and other label is to be placed in the User Manual. Refer to the FCC ID label format.	
(g) The module must comply with all specific rules applicable to the	Refer to the User manual	

transmitter. The grantee must provide comprehensive instructions to explain compliance requirements		
---	--	--

Modular approval requirement	Yes (provide brief statement)	No *
(h) The module must comply with RF exposure requirements	It complies with RF exposure requirement.	

* Please provide a detailed explanation if the answer is "No."

Sincerely,

Signed:
