# Connecting and Using the Speaker

Charge the speaker before using it by opening the rear cover and connect the speaker to an AC adapter(not supplied).

# Note 🛡

- When you use supplied USB cable, please use a separate USB port. The black USB port is for data transfer or charging, and white USB port is only for charging.
- 2 Connect the speaker to the PC via a USB cable
- 1 Connect the speaker to the PC via a USB C-type cable.

- 2 Press the **Power** 🛈 button on the speaker to turn it on.
- Press the Function button on the speaker repeatedly until the Function LED turns white.
- If you are using a voice chat through integrated microphone or headset, press the Microphone button.
- 3 Connect the speaker to a smartphone via Bluetooth
- 1 Press the **Power** button on the speaker to turn it on.
- 2 Press the Function button on the speaker repeatedly until the Function LED flashes blue.
- 3 Press the Settings button on the smartphone and select Bluetooth Turn on the Bluetooth function.
  (Off > On )

- (4) Find "LG-GP3 (XX)" on the device list on the smartphone and connect to it. Once the smartphone is connected via Bluetooth, the Function LED turns blue.
- (5) On the smartphone, play a music of your choice.
- Connecting the LG XBOOM App
- 1 Find LG XBOOM app on the Play Store or App Store and install it on your smartphone.
- Run the LG XBOOM app and use more features (EQ, Voice Chat, Setting etc.)

Press and hold the **Headset** ① button for 2 seconds or use the App to turn the logo lighting on or off.

For using a headset or earphones connect it to the terminal.

- Design and specifications are subject to change without notice.

#### Specification

## Power Supply:

- 5 V === 10W (AC Adapter)
- Built-in rechargeable battery

# Power consumption

Refer to the main label.
 Dimensions (W x H x D):
 Approx. 330 mm x 85 mm x 93 mm (12.99 inch x 3.34 inch x 3.66 inch)
 Operating Temperature: 5 °C to 35 °C (41 °F to 95 °F)

Operating Humidity: 5 % to 60 %

# Open Source Software Notice Information

To obtain the source code under GPL, LGPL, MPL, and other open source licenses that have the obligations to disclose source code, that is contained in this product, and to access all referred license terms, copyright notices and other relevant documents please visit https://opensourcelge.com.

LG Electronics will also provide open source code to you on CD-ROM for a charge covering the cost of performing such distribution (such

as the cost of media, shipping, and handling) upon email request to opensource@lge.com. This offer is valid to anyone in receipt of this information for a period of three years after our last shipment of this product.

## Safety Information

CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK DO NOT REMOVE COVER (OR BACK) NO USER-SERVICEABLE PARTS INSIDE REFER SERVICING TO QUALIFIED SERVICE PERSONNE!

This lightning flash with arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of

uninsulated dangerous voltage within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing)

instructions in the literature accompanying the product.

#### WARNING:

- TO PREVENT FIRE OR ELECTRIC SHOCK HAZARD, DO NOT EXPOSE THIS PRODUCT TO RAIN OR MOISTURE.
- Do not install this equipment in a confined space such as a book case or similar unit.
- This unit contains magnets which can be harmful to some kind of object (Ex: Magnetic card, Pacemaker etc..).

#### CAUTION:

- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions. Slots and openings in the cabinet are provided for ventilation and to ensure reliable operation of the product and to protect it from over heating. The openings should never be blocked by placing the product on a bed, sofa, rug or other similar surface. This product shall not be placed in a built-in installation such as a bookcase or rack unless proper ventilation is provided or the manufacturer's instruction has been adhered to.
- The apparatus should not be exposed to water (dripping or splashing) and no objects filled with liquids, such as vases, should be placed on the apparatus.

- No naked flame sources, such as lighted candles, should be placed on the apparatus.
- It is recommended that you use the 5 V AC adapter (more than 2 A) with this device. If you do not use the recommended adapter, charging is unavailable or charging time may differ.
- To avoid fire or electric shock, do not open the unit: contact to qualified personnel only.
   Do not leave the unit in a place near the heating appliances or subject to direct sunlight, moisture, or mechanical shock.
   The Power Plug is the disconnecting device. In case of an emergency, the Power Plug must remain readily accessible.
- To clean the unit, use a soft, dry cloth If the surfaces are extremely dirty, use a soft cloth lightly moistened with a mild detergent solution. Do not use strong solvents such as alcohol, benzine, or thinner, as these might damage the surface of the unit.
- Do not use volatile liquids such as insecticide spray near the unit. Wiping with strong pressure may damage the surface.
   Do not leave rubber or plastic products in contact with the unit for a long period of time.

- Do not place the unit over the vehicle's air bag. When the air bag deploys, it may result in injury. Before using in the car, fix the unit.
- Do not use the handsfree function during driving a car.
- Do not leave the unit on an unstable place such as high shelves. it may fall down because of the vibration of the sound.
   Do not use high voltage products around
- this product. (ex. Electrical swatter) This product may malfunction due to electrical shock.

#### CAUTION when using this product in environments of low humidity.

- It may cause static electricity in environments of low humidity.
- It is recommended to use this product after touching any metal object which conducts electricity.

NOTICE: For safety marking information including product identification and supply ratings, please refer to the main label on the bottom or the other surface of the product.

#### Symbols

~	Refers to alternating current (AC).	
===	Refers to direct current (DC).	
	Refers to class II equipment.	
Ф	Refers to stand-by.	
- 1	Refers to "ON" (power).	
4	Refers to dangerous voltage.	

#### For models using a built-in battery

Do not store or transport at pressures lower than 11.6 kPa (0.116 Bar) and at above 15,000 m (9.32 miles) altitude.

- replacement of a battery with an incorrect type that can defeat a safeguard (for example, in the case of some lithium battery types):
- disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion:
- leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas; and
- a battery subjected to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or gas.

#### For models using a battery

This device is equipped with a portable battery or accumulator.

CAUTION: Risk of fire or explosion if the battery is replaced by an incorrect type. How to Safely remove the batteries or the battery pack from the equipment: To Remove the old batteries or battery pack, follow the assembly steps in reverse order. To prevent contamination of the environment and bring on possible threat to human and/or animal health, the old batteries or the battery pack must be put in an appropriate container at designated collection points. Do not dispose of batteries or battery pack together with other waste. It is recommended that you use local, free reimbursement systems batteries or battery packs, (may not be available in your area). The batteries or the battery pack should not be exposed to excessive heat such as sunshine fire or the like

#### **FCC Compliance Statement**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful

interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- · Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/ TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired

operation. Any changes or modifications in construction of this device which are not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

## FCC RF Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

This equipment should be installed and operated with minimum distance 20 cm (7.8 inches) between the antenna and your body. Users must follow the specific operating instructions for satisfying RF exposure compliance.

## Supplier's Declaration of Conformity

#### IMPORTANT SAFFTY INSTRUCTIONS

- Read these instructions.
- Keep these instructions.
- Heed all warnings.
- 4. Follow all instructions.
- Do not use this apparatus near water.
   Clean only with dry cloth.
- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and

- the point where they exit from the apparatus
- Only use attachments/accessories specified by the manufacturer.
- 12. Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.

or moisture, does not operate normally, or has been dropped.

# USA Only (Product with embedded rechargeable battery ONLY)

In case rechargeable battery is included in this product, the entire device should be recycled in compliance with rechargeable battery recycling standards because of the internal battery.

To dispose of properly, call (800) 822-8837 or visit www.call2recvcle.org.

- Unplug this apparatus during lightning storms or when unused for long periods of time.
- 14. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain
