RE: FCC ID: BEJAX840
Expedited Request for Dismissal
Original Grant date: 12/04/2008
Expiration Date (STC): June 1, 2009

To whom it may concern:

We, LG Electronics Inc., hereby request for expedited dismissal of the above-referenced FCC ID on or before June 1, 2009.

The mass production of the AX840 model was unexpectedly delayed until June 14, 2009 and consequently the 180 days maximum hold of short-term confidential (STC) filed documents will expire. In order to prevent the premature release of the STC documents prior to product launch date and pursuant to the advised by the Commission's via email letter on January 3, 2008, we therefore request the dismissal of the above-referenced FCC ID.

We also confirm that the above-referenced FCC ID has not been marketed or sold in the U.S.

The STC documents contain trade secrets and proprietary information not customarily released to the public prior to product launch. The premature public disclosure of these matters might be harmful to the Applicant and provide unjustified benefits to its competitors. Accordingly, we hereby request the Commission for dismissal of the above-referenced FCC ID or grant an additional 45 days temporary confidentiality of STC documents.

Sincerely,
