RE: LG Electronics

FCC ID: BEJL601I

I have a few comments on this Application. Depending on your responses, kindly understand there may be additional comments.

- 1.) Page 297 of the Users manual indicates that this device can connect to a computer via a USB cable. Will Part 15B Certification or DofC apply? If Part 15B Certification, kindly provide a Part 15B Certification report and Test Setup photos. If FCC DofC authorization procedure is used, then you are reminded that the FCC logo must appear on the Label.

William H. Graff
President and Director of Engineering

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
