

FCC Modular Approval Attestation

FCC ID: BEJLGSRFT1 is seeking FCC equipment authorization as

<input checked="" type="checkbox"/> Single Modular Transmitter <input type="checkbox"/> Single Limited Modular Transmitter

Product Information			
Product Description:	RF Module	FRN:	0023476120
Model Name(s):	LGSRFT1	FCC Product ID:	N/A
		FCC Module ID:	BEJLGSRFT1

Modular Checklist/Information	
<p>For <u>Modular Approval</u>, the module shall meet all the requirements listed below. Please check (☑) if the module complies with the stated requirement.</p>	
<input checked="" type="checkbox"/>	The modular transmitter must have its own shielding.
<input checked="" type="checkbox"/>	The modular transmitter must have buffered modulation/data inputs.
<input type="checkbox"/>	The modular transmitter must have its own power supply regulation.
<input checked="" type="checkbox"/>	The modular transmitter must comply with the antenna requirements of section 15.203 and 15.204(c).
<input checked="" type="checkbox"/>	The modular transmitter must tested in a stand-alone configuration.
<input checked="" type="checkbox"/>	The modular transmitter must be labeled with its own FCC ID number.
<input checked="" type="checkbox"/>	The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instruction along with the module to explain any such requirements.
<input checked="" type="checkbox"/>	The modular transmitter must comply with any applicable RF exposure requirements.
<p>*Limited module note This module does not have own power supply regulation. So, Host product which is installed with this module must have the capability to provide the rated power supply as described in installation manual. And this module will be installed into only LG's product. It will not be sold any other manufacturer.</p>	
<p>If a module(s) does NOT meet one or more of the above listed requirements, the applicant may request Limited Modular Approval (LMA). For LMA, please state details about why the above requirement(s) could not be met; and state how control of the end product, into which the module will be installed, will be maintained by the applicant / manufacturer, such that full compliance of the end product is always ensured:</p>
