**WARNING-HANDLE WITH CARE** Breakage of this tube which contains a high vacuum may result in injury from flying glass. Remove tube carefully from container. Do not strike or scratch the tube or subject it to more than moderate pressure when inserting into or removing from its socket in electronic equipment.

**AVERTISSEMENT-MANIER ATTENTIVEMENT**  
Au cas de la fracture de ce tube qui contient vacuum à haut tension, on peut s'être blessé par les éclats volants. Retirer tube attentivement du récipient. Ne pas frapper ou ne pas gratter le tube, et éviter trop de pression quand on attache le tube à ou détache le tube de sa douille dans l'équipement électrique.

**X-RAY WARNING** When this tube is operated above the design maximum anode voltage, and when personal exposure is prolonged at close range, special shielding precautions against x-radiation may be needed.

**AVERTISSEMENT RAYONS-X** Quand tube est mis surpassant le voltage maximum designé ou quand l'exposition du corps est prolongé, au distance près, quelque bouclier special contre rayons-x puisse être nécessaire.
