
DISMISSAL REQUEST

We, LG Electronics Inc., as a manufacturer of following models, hereby request dismissal TCB grant.

FCC ID: BEJRBHP-B213A

TC Number: TC853127

The reason 2.4G/5G WLAN function was disabled by software under the original certification, but the device has been changed to enable Wi-Fi function.
Even though a new Equipment Class code for the new frequencies of operation requires a new FCC ID, we would like the device to have no change with FCC ID for our internal management.
Therefore we request the dismissal.

We declare that the product has not been marketed or sold in the United States or anywhere in the world baring the FCC ID on the label.

Sincerely,
March 30, 2020
