FCC Information

THIS DEVICE COMPLIES WITH PART 15 OF THE FCC RULES.
OPERATION IS SUBJECT TO THE FOLLOWING TWO CONDITIONS:
   (1) THIS DEVICE MAY NOT CAUSE HARMFUL INTERFERENCE, AND
   (2) THIS DEVICE MUST ACCEPT ANY INTERFERENCE RECEIVED,
INCLUDING INTERFERENCE THAT MAY CAUSE UNDERSIRED OPERATION.

Safety Information For FRS UNIT

Your wireless handheld portable transceiver contains a low power transmitter.
When the PTT button is pushed it sends out radio frequency (RF) signals. This
device is authorized to operate at a duty factor not to exceed 50%. In August
1996, the Federal Communications Commission (FCC) adopted RF exposure
guidelines with safety levels for hand-held wireless devices.

Important: To maintain compliance with the FCC's RF exposure guidelines,
hold the transmitter at least 1 inch (2.5 centimeters) from your face and speak in
a normal voice, with the antenna pointed up and away. If you wear the handset
on your body while using the headset accessory, DO NOT TRANSMIT. The
Audiovox/DF-205 supplied belt clip is for storage purposes ONLY. Use only the
supplied antenna. Unauthorized antennas, modifications, or attachments could
damage the transmitter and may violate FCC regulations.

Normal Position: Hold the transmitter approximately 1" from your face and
speak in a normal voice, with the antenna pointed up and away.

OPERATING INSTRUCTION

I.   FRS PRODUCT DESCRIPTION

The Family Radio Service(FRS) is the newest generation in personal two-way communication. FRS Radio operates in a license-free band (no FCC license for operation), on 14 license-free channels.

DeltaCom' s DF-205 is a lightweight, palm-sized two-way radio that you can carry almost anywhere. Use it at shopping malls, sporting events, amusement parks, or any other activity where communications are needed for convenience or safety.

The radio provides about a 2-mile range of communication allowing you to keep in touch with family, friends or a neighborhood watch group.

The DF-205 is 14 channels model with the 38 CTCSS sub-channels. You can talk to another person using any FRS Radio, provided that you can on the same frequency.

II.   DESCRIPTION OF CONTROLS
