Subject : Request for Class II Permissive Change  
FCC ID : BGBX1T478SKE12501  
Original gant date : November 29, 2004  
Applicant : Mitsubishi Electric Corporation Himeji Works

To Whom It May Concern:

This is to request a Class II permissive change for FCC ID: BGBX1T478SKE12501, originally granted on November 29, 2004.

We changed the following points from the original model because of cost reduction.

- Add to Components: Capacitor and Resistor
- Change Components: switch and oscillator  
For oscillator: Frequency is same as before
- Change Value of Components: Capacitor, Resistor and Inductor

Please refer to attached "Theory of Operation", "Schematics" and "Parts List" for details of these modifications.

This time, we performed the testing and confirmed that this product still meets the minimum requirements of the applicable rules of FCC. Please refer to the test report submitted with this application.

Thank you for your attention to this matter.

Sincerely yours,

Toshio Koga
