

Quick Start Guide

STI6110-D101 (RoHS)
Streaming Media Player

WH-55
Remote Control
Unit (RCU)

USB Cable +
Power Adapter

HDMI
Cable

(USB Cable, Power Adapter, and HDMI Cable are optional accessories)

WHAT'S IN THE BOX

STI6110-D101 (RoHS)
Streaming Media Player

DEVICE SETUP

1. Connect the Streaming Media Player to your TV
2. Connect the Power Adapter to the Streaming Media Player

ANDROID TV SETUP

1. Power on your TV and Streaming Media Player
2. Make sure your TV is set to the correct HDMI input
3. Follow on-screen setup instructions

Regulatory Compliance Information

Regulatory Compliance Information

Streaming Media Player Model: STI6110-D101 (RoHS)
FCC ID: BKMAE-STI6110
IC: 1052D-STI6110
Remote Controller Model: WH-55
FCC ID: BKMAE-WH55
IC: 1052D-WH55

This document provides safety instructions and describes the specifications. Read this document carefully before use to ensure your safety and product performance. Data transmission is always initiated by software, which is the passed down through the MAC, through the digital and analog baseband, and finally to the RF chip. Several special packets are initiated by the MAC. These are the only ways the digital baseband portion will turn on the RF transmitter, which it then turns off at the end of the packet. Therefore, the transmitter will be on only while one of the aforementioned packets is being transmitted. In other words, this device automatically discontinues transmission in case of either absence of information to transmit or operational failure. This equipment is restricted to indoor operation only. U.S. FCC Notices This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter. The antennas used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter.

Canada (IC) Notices CAN ICES-3(B)/NMB-3(B)

This device complies with Industry Canada license-exempt RSSs. Operation is subject to the following two conditions:

1. This device may not cause interference, and
2. This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

1. l'appareil ne doit pas produire de brouillage;
2. l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Caution:

The device for operation in the band 5150–5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems. Avertissement:

Le dispositif fonctionnant dans la bande 5150-5250 MHz est réservé uniquement pour une utilisation à l'intérieur afin de réduire les risques de brouillage préjudiciable aux systèmes de satellites mobiles utilisant les mêmes canaux.

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20 cm between the radiator & your body. Cet équipement est conforme aux limites d'exposition aux rayonnements IC établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec un minimum de 20 cm de distance entre la source de rayonnement et votre corps.

Europe

Model: STI6110-D101 (RoHS)
Operating frequency range: 2400-2483.5 MHz, Below 20dBm e.i.r.p. / 5150-5250 MHz, Below 23dBm e.i.r.p.
Model: WH-55
Operating frequency range: 2400-2483.5 MHz, Below 20dBm e.i.r.p.

The device for operation in the band 5150–5250 MHz is only for indoor use. This device meets the EU requirements on the limitation of exposure of the general public to electromagnetic fields by way of health protection. The device complies with RF specifications when the device used at 20 cm from your body.

Manufacturer:

Name: SEIKO EPSON CORPORATION
Address: 3-5, Owa 3-chome, Suwa-shi
Nagano-ken 392-8502 Japan
TEL: 81-263-87-5824 (ex.733-70163)
FAX: 81-263-87-5849

Importer:

Name: EPSON EUROPE B.V.
