CoolPlay 1670 DVM Transmitter FCC Certification Application

Application for Equipment Certification

EXHIBIT A Equipment ID Label Plate and Mounting Location

2.1033 (c) (11) Identification Plate

A photograph or drawing of the equipment identification plate or label showing the information to be placed thereon.

The Equipment ID Label is engraved on a metal plate along with product identification information. The plate is installed in a suitable location on each transmitter.

I. Example of Identification Plate to be attached to the CoolPlay DVM Transmitter

			
MODEL:	DVM400	DATE:	6/8/2006
PART	995 0032 001	FCC ID:	BOIDVM
SERIAL	OPD00001-060806	OTHER ID:	
FREQUENCY:	1670 - 1675	MHZ	
CHANNEL	SFN		
POWER OUT:	.400	W	X AV PK
	208	VA	SINGLE PHAS 60 HZ

2. Location of ID plate on the CoolPlay 1670 DVM Transmitter

The metal plate that is riveted to the DVM400 or other models of this series is location inside the backdoor of the cabinet since this transmitter is an outdoor unit. This protects the metal plate from vandals and the weather. A photo showing the location of the plate is shown below.
