This tablet can utilize Wi-Fi data networks to connect to the Internet.

- Wireless Wi-Fi technology can provide Internet access at distances of over 300 feet; however, this distance can be affected by your surrounding environment and Wi-Fi router.

### Requirements

In order to connect to the Internet, you will need either of the following:

#### **A wireless router or access point with a broadband Internet connection**

The wireless router must support Wi-Fi 802.11b/g connections. If the router supports 802.11n, make sure that it has been configured to accept 802.11b/g connections as well.

**Note:** A minimum connection speed of 64 Kbps is recommended. Faster speeds will enable a better Internet experience.

You will need to know the name of your network (SSID), as well as the password or other credentials if your network is secured. These settings can usually be found on the administration webpage of your wireless router.

Please refer to your wireless router's documentation for help, or ask your network administrator for details.

**Note:** You may encounter open Wi-Fi networks, or "hot spots." These networks are usually configured so that you can simply connect to them without needing to know its settings; the tablet will obtain all the information it needs from the router automatically.

**The tablet cannot be turned on.**

Please charge it via the DC charger to check if the battery is low. If not, then please reset the tablet.

**No sound can be heard from the earphones.**

1. Check if the volume is set as 0. Adjust the volume as required.
2. Check the volume of the file attempting to be played.
3. Confirm the earphone is properly connected.

**Noise through earphones.**

1. Check if the earphone plug is clean, foreign particles can cause static to be heard through the earphone during playback.
2. Check if the music file is damaged. Confirm by playing other music. The damaged file might create serious noises or voice dithering.

**Incorrect language displayed.**

Please make sure that you have selected the correct language. Set language in (Settings) => (personal) => (Language & input)

**Files cannot be downloaded.**

1. Make sure the proper connection between computer and tablet.
2. Check if the memory is full.
3. Check if the USB cable is damaged and replace if necessary.

**Audio files not playable.**

This tablet cannot play audio files that are copy protected. Please ensure that only files that contain no copy protection are transferred to the tablet.

**Video files not playable.**

Please check that the video files transferred to the tablet are in the correct size and format. Some files may need to be re encoded to be played on this tablet.

**Fail to open the web page.**

Please check whether successfully create the Wi-Fi connection.

**Forgot the password or lock pattern**

Please contact our customer service team through email or phone, you will be receiving the instruction on how to do the factory reset. However, all the personal data will be deleted after the factory reset!

### ***ONE-YEAR LIMITED WARRANTY ON PARTS AND 90 DAYS ON LABOR***

DOPO provides a warranty to the original purchaser of a new Product against defects in materials and workmanship for a period of one year of non-commercial usage and ninety (90) days of commercial use. If a Product covered by this by this warranty is determined to be defective within the warranty period, DOPO will either repair or replace the unit at its sole option and discretion.

### ***PARTS AND LABOR***

There will be no charge for parts or labor during the first ninety (90) days of the warranty period. Thereafter and up to one year from the date of purchase, parts only are under warranty. There will be a labor fee if repairs are required during this time. Replacement parts and units may be new or recertified at DOPO's option and sole discretion.

Replacement parts and units are warranted for the remaining portion of the original warranty or for ninety (90) days from warranty service or replacement, whichever is greater.

### ***TYPE OF SERVICE***

Defective Products must be sent to a DOPO service center to obtain warranty service. DOPO is not responsible for transportation costs to the service center, but DOPO will cover return shipping to the customer. Pre-authorization is required before sending any unit in for warranty service.

Product returns to DOPO's service centers must utilize either the original box and shipping material or packaging that affords an equal degree of protection. DOPO Technical Support will provide instructions for packing and shipping the covered Product to the DOPO service center.

#### FCC Statement:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

#### Radiation exposure statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. The device can be used without any restrictions.
