Gentlemen:

Vitalcom respectfully requests confidentiality of certain materials provided with the submission of the DR-10110 under FCC ID: BQI02DR-10110 in accordance with FCC Regulations x.459. The confidentiality request applies to the schematics, block diagrams, part lists, and theory of operation contained in Section 4 & 5. The DR-10110 has been developed at considerable effort and expense by Vitalcom. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

Ed Flanders

System Engineering Manager
