Friend Maker

Friend maker likes a pager, it can receive messages and even send out messages. Range of picking up signals is within 25 feet.
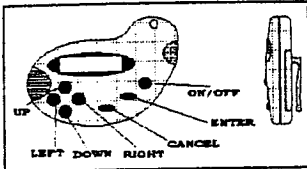

The unit consists seven keys, a dot matrix LCD and voice output function. 3 batteries are used to operate with battery low detection.

KEY FUNCTION DESCRIPTION:-

Up/Down key:	Scroll through modes or characters in editing. In Time/Calendar setting, this key serves as digit increment/decrement.
Left/Right key:	Select entries or move cursor in editing. In Time/Calendar setting, this key serves to select fields.
Cancel Key:	Escape from current mode or hold 2 seconds to delete message.
Enter key:	In Time/Calendar mode, hold 2 seconds to enter setting or enter/confirm input otherwise.
On/off key:	Hold 3 seconds to turn off the whole unit. Serves as shift key during editing to shift between capital or small letter.

MEMORY

The unit can store 5 outgoing messages with 42 characters long and 7 incoming messages. The oldest message will be deleted upon new message received while memory is full. Recipient of each outgoing message can be everyone, male, female or a specific person.

OPERATION DESCRIPTIONS

Upon first power up, the unit will start initialization sequence by inputting following:
1. User's name
2. User's age
3. User's gender
4. User's interest
5. Date/time

This sequence will be skipped during subsequent power up. The unit will go to Time/Calendar mode directly. In Time/Calendar mode, press Up/Down key will scroll through different modes. The modes are:

1.	Time/Calendar	- Shows current time and date
2.	Inbox	- Retrieve incoming messages
3.	Outbox	- Write outgoing messages
4.	Expectation	- Set preferred public messages
5.	Personal data	- Set users personal information

A. Enter outgoing message
Enter Outbox mode, the screen shows:

Total 5 outgoing messages can be stored, use Left/Right key to select message no., press Enter key once to recall recipient's name. Press Up/Down key to show recipient name and message content. To change recipient name, press Enter key once while recipient is shown. To edit message, press Enter key once while message is shown.

Recipient name editing:
Press On/Off key to select recipient type (Blank, Everyone, Male, Female or Specific name). To enter a private message, the recipient type must be a specific name and a name must be entered. Leave the recipient name blank will disable sending of the message. Press Enter key to confirm input.

Message editing:
Press On/Off key to toggle between upper and lower case. Use Left/Right key to move cursor and use Up/Down key to scroll through characters. Max. 42 characters can be used for message. Press Enter key to confirm input.

B. Retrieve incoming message
Enter Inbox mode, the screen shows:

The display will show how many messages are stored. Press Enter key once under the message no. to display the corresponding message. Press and hold Cancel key for 2 seconds under the message no. to delete the corresponding message. While a message is shown, press Up/Down key to show receiving time and message content.

C. Pick preferred public message
Enter Expectation mode, the screen shows:

3 criteria are used to pick up preferred messages:
1. G – Gender
2. A – Age Range
