Request for Limited Modular Approval

This modular transmitter will be equipped and used in Audio System.

The modular transmitter complies the module basic requirement (Item 1 to 8) in FCC Public Notice: Part 15 Unlicensed Modular Transmitter Approval (DA00-1407) as indicated below.

[Module basic requirement]

- (1) Have its own RF shielding:
This modular transmitter has its own RF shielding. Please refer to the following Photo.
- (2) The modular transmitter must have buffered modulation/data inputs:
Data input to this modular transmitter is controlled as not generating excessive data speed and abnormal modulation.
- (3) The modular transmitter must have its own power supply regulation:
The host that has a regulator (PQ070XZ01ZxH or BAXXDD0WHFP, or similarly specification regulator) through the PCI Bus supplies the stable voltage (DC 3.3V).
- (4) The modular transmitter must comply with the antenna requirements of Section 15.203 and 15.204(c):
The antenna of this equipment is connected to the modular antenna with UFL connector, and the installation is to be done by the professionals. There, the equipment complies with the antenna requirement of 15.203 and 15.204(c).
- (5) The modular transmitter must be tested in a stand alone: The test has been performed as a stand alone. Please refer to the Test Report.
- (6) The modular transmitter must be labeled with its own FCC ID/ IC Number, and, if the FCC ID/ IC Number are not visible when the module is installed inside another device, then the outside of the device into which the module is installed must also display a label referring to the enclosed module:
This modular transmitter is complied with this requirement. Please refer to the Label drawing and location. In addition, the final product will display FCC ID/ IC Number of the module.
- (7) The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements:
The necessary explanation to be complied with this requirement is contained in the manual.
- (8) The modular transmitter must comply with any applicable RF exposure requirements: the mobile.
Please refer to the RF Exposure Statement. (No.27HE0375-HO-A, 27HE0375-HO-B)
