Class II Permissive Change

M/A-COM seeks Grant of Equipment Authorization for a Class II Permissive Change, which is to add three antennas to the ISM Radio and Router.

Exhibits submitted include an updated Installation manual, antenna datasheets, test report of antenna performance with the radio, and agent authorization letter for Rhein Tech Laboratories, Inc. to act on M/A-COM's behalf for this change filing.

The Installation manual contains all information necessary for implementation of this product. It requires professional installation through factory trained technicians, with no user controls nor adjustments.

Thank you for your kind consideration and timely review of this application.

Sincerely,

A handwritten signature in black ink that reads "Daryl S. Popowitch". The signature is written in a cursive, flowing style.

Daryl Popowitch
Regulatory Manager,
Engineering Project Manager
