**Re: Application for a Class II Permissive Change Request to Anti-Pilferage Device
FCC ID: BVCAMS9040**

Dear Sir or Madam:

Sensormatic Electronics Corporation, 6600 Congress Avenue, Boca Raton, FL 33431 hereby requests a Class II Permissive Change for the captioned product as set forth in the Federal Communications Commission's Rules and Regulations, 47 CFR 2.1043.

There are no electrical or mechanical changes to the electronic portion of the system. The only change is the addition of a new antenna to the list of supported antennas. The new antenna is one mounted in the floor and has a different resonating characteristics compared to the other antennas supported.

Radiated emissions measurements taken in accordance with 15.209 showed that the emissions levels exceeded those that were originally included with the filing, but continue to comply with the FCC limit. This data is attached. As the product has less margin but continues to comply with the rules, we request a Class II Permissive Change per 47 CFR 2.1043.

Sincerely,

A handwritten signature in black ink that reads "William D. Owsley". The signature is written in a cursive style.

William D. Owsley
