

Gothenburg, 11<sup>th</sup> April 2006.

To whom it may concern

Ascom Sweden AB hereby declares that the product identification labels used on Ascom a51 Alarm Transmitter, model AMIE, bearing FCCID BXZAMIE and IC ID 3724B-AMIE are placed behind the battery. The material and the printing process used are following:

- Product label material is metalized plastic with etching thermo transfer foil.
- Box label and FCC/IC label material is paper with thermo transfer foil (not etching)

The FCC and IC identifier will be visible at the time of purchase by marketing the device without the battery installed and also by placing the FCC ID and IC ID on the box.

Regards,
