Safety and Regulatory Instructions

## Safety Instructions

Read these instructions before installing the equipment.

For safe and efficient operation of the equipment, observe these instructions and all necessary safety precautions when using the equipment. Follow the installation instructions and adhere to all warnings and safety precautions located on the product, and product manuals.

Changes or modifications to the equipment not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

## Precautions

- Save this manual. It includes important safety information and operating instructions. Save all instructions for future reference.
- If local Power Supply is used for the equipment, the following power supplies can be used:
  - For EU Art. No.: 130137B
  - For UK Art. No.: 130136B
  - For NA Art. No.: 130138A
  - For AU Art. No.: 130139B
- Replace all guards, barriers, or fasteners. Close and secure all openings when you complete the installation or before you return the equipment to service.
- Install all wiring according to local, state, and federal electrical code requirements.
- Connect AC (power supply) only to designated power sources as marked on the product.
- Danger: Never alter the AC cord or plug. If the plug will not fit into the outlet, have a proper outlet installed by a qualified electrician. Improper connection increases the risk of electric shock.

- Ensure the AC receptacle is installed near the equipment and easily accessible.
- When mounting the equipment on a wall, use fasteners supplied with the system.
- Position the electrical cord to the AC power supply where it is least likely to be subjected to damage or stress.
- Remove the electrical cord from an outlet by pulling gently on the AC adapter, not by pulling the cord.

## **Regulatory Compliance Statements (EU/EFTA only)**

This equipment is intended to be used in the whole EU & EFTA.

This equipment is in compliance with the essential requirements and other relevant provisions of R&TTE Directive 1999/5/EC. The Declaration of Conformity may be consulted at:

<https://www.ascom-ws.com/doc/>

The equipment is marked with the label 

## **Regulatory Compliance Statements (USA and Canada only)**

### **FCC compliance statements**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a

particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

### **Information to user**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- 1 this device may not cause harmful interference, and
- 2 this device must accept any interference received, including interference that may cause undesired operation.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- 1 l'appareil ne doit pas produire de brouillage, et
- 2 l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

### **IC Requirements for Canada**

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la Classe B conforme à la norme NMB-003 du Canada.

**Modifications**

Changes or modifications to the equipment not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Exposure to radio frequency signals**

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. The antenna used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter.
