**MODEL DIFFERENCE LETTER, ISED: 3724B-SH1B2, FCC ID BXZSH1B2**

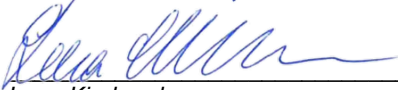

This letter is to explain the differences between the different variants of Ascom Myco SH1 handsets with the following model numbers:

Model	Description	HVIN	PMN
SH1-ABBA	Ascom Myco 2 WiFi GMS	SH1-903584	SH1-ABBA
SH1-ABBB	Ascom Myco 2 WiFi	SH1-903584	SH1-ABBB

The B in the fourth position of the variant designation indicates that the model don't have Google certification. This is only a SW feature, not affecting safety, radio or EMC.

All plastic parts and physical dimensions are identical between all SH1 models.
