INSTRUCTION MANUAL

ATTENTION PARENTS

It is recommended that this toy and all accessories be periodically examined for potential hazards and that any potentially hazardous parts be repaired or replaced.

IMPORTANT:

Please note the vehicle uses a 9.6V Rechargeable Battery Pack and the Battery Pack is charged by a Charger.

BATTERY LOADING

(The rechargeable battery pack is not charged, please charge it for 8 hours prior to use)

1. Plug the Battery Charger.
2. Connect the cables leading from the Battery Pack and the Charger together by snapping the jack and the socket tightly. (See Diagram #1a)
3. To disconnect cables, press down on the clip and pull apart. (See Diagram #1a)
4. You should charge the battery pack for 8 hours the first two times. Then subsequent charges will only require 4 hours.
5. After charging for 4 hours, the battery will be warm. This condition is normal for fully charged batteries.
6. If the speed of the car slows down suddenly, it is time to recharge.
7. After use, the battery pack will be hot! Wait at least 20 minutes until it cools before recharging. Recharging a warm or hot battery pack will greatly shorten the use life of the battery.
8. The toy must be used with the recommended transformer.
9. The transformer is not a toy.

FCC Information

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult your local retailer store or an experienced radio/TV technician for help. If you cannot eliminate the interference, the FCC requires that you stop using your product. Changes or modifications not expressly approved by the retailer may cause interference and void the user's authority to operate the equipment.

FCC Note: The antenna installed on the equipment is a unique one. Installation of an unauthorized antenna on this equipment could void the user's authority to operate the equipment.

Información de la FCC

Este equipo ha sido probado y se ha determinado el cumplimiento del mismo con respecto a los límites correspondientes a los dispositivos digitales de Clase B, de conformidad con la Parte 15 de las Reglas de la FCC. Estos límites están establecidos para proporcionar una protección razonable contra interferencias dañinas en las residencias. Este equipo genera, utiliza y puede emitir energía de radiofrecuencia, por lo cual, si no se instala y se emplea de conformidad con las instrucciones, puede causar interferencia dañina en las comunicaciones de radio. No obstante, no hay garantía de que tal interferencia no vaya a ocurrir en alguna instalación en particular. Si este equipo causa interferencia dañina en la recepción de las ondas de radio o de televisión, lo cual puede determinarse apagando y encendiendo el equipo, se exhorta al usuario a tratar de corregir la interferencia mediante una o más de las siguientes medidas:

- Cambie la orientación o ubicación de la antena receptora.
- Aumente la separación entre el equipo y el receptor.
- Conecte el equipo en una toma de corriente de un circuito diferente al cual está conectado el receptor.

Si necesita ayuda, consulte al personal de cualquier tienda al detal de la localidad o a un técnico de radio y televisión. Si no puede eliminar la interferencia, la FCC le requiere dejar de utilizar el producto. Todo cambio o modificación no aprobado expresamente por el detal puede causar interferencia y anular la autorización otorgada al usuario para utilizar este equipo.

NOTA DE FCC:

LA ANTENA QUE SE SUMINISTRA ES EXCLUSIVA. EN CASO DE INSTALAR UNA ANTENA NO AUTORIZADA EN ESTE EQUIPO, PODRÍA QUEDAR ANULADA LA AUTORIDAD DEL USUARIO PARA OPERAR EL MISMO.
