

BATTERY REQUIREMENT

Radio control car: 4 "AA" batteries
Transmitter: 1 x 9V battery

BATTERY INSTALLATION

TRANSMITTER:

1. Remove battery cover and install a 9V battery by matching + and - poles as indicated in the battery compartment (see diagram #1).
2. Replace battery cover.

CAR:

1. Make sure the ON/OFF switch on the underside of the vehicle is at the OFF position (see diagram #2).
2. Remove battery cover by turning the lid stopper sideways (see diagram #3).
3. Insert the AA batteries into the battery clip, make sure the (+) (-) polarity is correct. (See diagram #4)
4. Follow the "arrow" sign and insert the battery clip into the battery compartment. Make sure the + and - signs match (see diagram #5).
5. Replace battery cover.

SETTING UP YOUR VEHICLE

1. Build up the antenna by inserting the cable into the antenna tube (included) completely and plug the tube into the vehicle securely (see diagram #6).

OPERATION

1. Push the vehicle ON/OFF switch to the "ON" position (see diagram #7).
2. Operate the vehicle with the transmitter (see diagram #9).
3. Turn OFF the vehicle after playing and remove all batteries from the transmitter and the car.
4. To adjust steering alignment, adjust the "Steering Alignment Lever" on the underside of the vehicle when the vehicle does not run straight forward (see diagram #8).

PERFORMANCE TIPS:

1. Operate your vehicle in a safe place. Do not drive in streets. Avoid driving through sand, mud, and water, which can impair the performance of your car.
2. Do not leave your transmitter or car near sources of heat or under direct sunlight for long periods of time.
3. Do not expose your transmitter or car to humidity for long periods of time as dampness can damage interior mechanism.
4. Clean the toy vehicle regularly with a slightly damp cloth.
5. When the vehicle slows down or begins to move erratically, replace the batteries with new ones.
6. Concrete walls, metal posts, wire fence, and other electrical appliances and machineries can interfere with the transmission signal of your transmitter and result in erratic performance of your car. In this case, change to a different location.
7. If another radio control car or CB radio is operating at your same location, they will interfere with the performance of your car.
8. Alkaline batteries are highly recommended.

BATTERY CAUTIONS

1. Do not charge non-rechargeable batteries.
2. Remove rechargeable batteries from the toy before recharging.
3. Rechargeable batteries are to be recharged under adult supervision.
4. Different types of batteries, new and used batteries are not to be mixed.
5. Only batteries of the same or equivalent type as recommended are to be used.
6. Batteries are to be inserted with the correct polarity.
7. Exhausted batteries are to be removed from the toy.
8. The supply terminals are not to be short-circuited.

FCC NOTE:

THE ANTENNA PROVIDED IS A UNIQUE ANTENNA. BY INSTALLATION OF UNAUTHORIZED ANTENNA TO THIS EQUIPMENT. SUCH UNAUTHORIZED INSTALLATION COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.

THE MANUFACTURER IS NOT RESPONSIBLE FOR ANY RADIO OR TV INTERFERENCE CAUSED BY UNAUTHORIZED MODIFICATIONS TO THIS EQUIPMENT. SUCH MODIFICATIONS COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.
