To whom it may concern,

Due to changes made to the 1200BT body-pack transmitter, Azden is submitting a new version of the transmitter. While we did receive certification for the original version, Azden did not place any of the original versions on the market.

Therefore, Azden requests that the FCC dismiss the original grant (FCC ID: BZB1200BT) so that we can reuse the ID for the new version after it passes testing.

Thank you,
