George,

With reference to your letter of 6/10/99 here are the answers;

1. The 731 form has been correct to show 0.3mW.
2. Attached you will find occupied bandwidth plots with 15,000Hz input.
3. Discrete sinewave was fed into the UUT.
4. A schematic is attached.

If you need anything else please let me know.

Best Regards,

Sid Sanders
