Re: Request for Confidentiality

Gentlemen:

In reference to the application under FCC ID, C2DBG200KKDM and pursuant to Sections 0.457(d)(l)(ii) and 0.459 of the Commission's Rules, the Applicant hereby requests confidential treatment of the accompanying information as outlined below:

Schematics

Block Diagrams

Theory of Operation .

These documents contain detailed system and equipment description and related information about the product that Honeywell considers to be proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, Honeywell considers that this information would be of benefit to its competitors, and that disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

A handwritten signature in black ink, appearing to read "John D. Wallace". The signature is fluid and cursive, with the first name "John" being the most prominent part.

John D. Wallace
Sr. QA Engineer
Honeywell International
