McLean, VA 22101

Dear Marianne,

Based on your request from the FCC, Winegard desires to have the FCC dismiss the FCCID C3DMVP1000V2 associated with CIOtv Mobile Entertainment System model C-1000. As you stated in your email in April, American Certification Body, Inc. would act on our behalf to forward this information to the appropriate contact at the FCC to conclude this matter. Winegard is currently in redesign of the CIOtv Mobile Entertainment System and will reapply for a new FCCID when this redesign is complete.

Thank You
