Subject: Requesting Class II permissive change for FCC ID: C3K-1129

Dear Sir/Madam:

Microsoft Corp. is submitting an application for Class II Permissive Change for above FCC ID number. The following changes have been made on the device:

- Moved some components in the audio path.
- Add transorbs and series resistors on switch inputs (essentially non-changing signals)
- Alternate local oscillator vendor has been used with same technical specification as the original device.
- No changes to the transmitting circuitry.

Updated schematic diagram is submitted to support above changes.

Please contact me if you have any questions or need further information regarding this application.

Best Regards

A handwritten signature in cursive script, appearing to read "Kitty Tam".
