Subject: Class II Permissive change for FCC ID: C3K1572
(Original Grant date: 9/27/2013)

TO WHOM IT MAY CONCERN

This is to request a Class II permissive change for FCC ID: C3K1572, originally granted on 9/27/2013. The changes filed under this application are;

Change #1: Motherboard layout change for cost reduced stack up.

Change #2: Replacement of TCXO (U45) with pin for pin compatible Xtal Oscillator of the same frequency.

Only EMC measurements were deemed necessary for these changes. No SAR measurements were necessary since the antenna did not change nor were the PCB changes close to the antenna locations.

Sincerely,

A handwritten signature in black ink that reads "Michael C. Boucher".
