**Subject: Request to Change in Identification.**

**To Whom It May Concern:**

This Change of Identification request applies for a new FCC ID as established in 47CFR 2.933(b) for a currently approved device. This application by Microsoft Corporation will establish a new FCC ID: **C3K1900** under Microsoft grantee code for purpose of marketing. The original grant to Intel will remain in effect.

The purpose of this change in identification is to obtain a new FCC ID for the Intel module for host specific implementation. C2PC will be filed on this ID to identify the host and host-specific implementation details.

A new label format on the module is not being submitted, as agreed through FCC KDB inquiry number 744487. Rather a sample of the host e-label is being provided.

Model 1900, **Contains FCC ID C3K1900 as Change of ID to FCC ID PD9AX201D2, Contains IC: 3048A-1900**

Per 2.933(b)

1. The original identification is PD9AX201D2
2. The original grant date is 11/20/2018
3. The equipment is electrically identical. Only the model name, trade name, and FCC ID number are different.
4. The original test results are applicable and representative of this changed device.

5. Exterior photographs are included in this application.

The following files are electronically submitted as attachments:
