

Re: Change of Identification Authorization, FCC ID: PD9AX201D2L

Date: 07-29-2020

To Whom It May Concern:

This letter grants authorization for representatives of Microsoft Corporation to apply to the FCC for a change in identification as specified under 47CFR2.933 of the FCC rules. This authorization applies to Intel Corporation, FCC ID: PD9AX201D2L, originally approved 12/19/2018.

We are aware that Microsoft Corporation intends to use their own FCC ID: C3K1985 to create subsequent change in ID for this module to allow use for multiple hosts conditions.

Sincerely,

A handwritten signature in black ink, appearing to read "Steven C. Hackett".
