Attention:
Application Examiner

Re: Request for confidentiality

Applicant: Park Air Systems Limited

FCC ID: C8LBM7X

To whom it may concern,

Permanent Confidentiality

Request is hereby submitted by Park Air Systems Ltd. to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- Schematics
- Detailed Block diagrams
- Detailed Operational/Functional Description
- Parts list
- Module Photos (processor, RxRf and interface as these may reveal the technology used to our competitors (eg processors)
-as these radios are also used in the defence arena these radios are always professionally installed by authorized company representatives, who are the only ones capable of accessing the internals of the radio - access is limited by means of special tools and modules are returned to the manufacturer for servicing.

Rationale for request for confidentiality:

Park Air Systems Ltd has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us.

If you have questions or need further information, please contact the undersigned.

Sincerely,

Allan Horsfield
Consultant Engineer
