

10 October 2007

To whom it may concern

We, Park Air Systems Ltd, Northfields, Market Deeping, Peterborough, PE6 8UE, England, hereby declare that the ground to air transceiver Model M7X (FCC ID C8LBM7X) has no user tuneable parts.

The equipment is designed using digital signal processing techniques and broadband RF circuitry together with digitally controlled RF filters.

Sincerely,

A. Horsfield
Consultant Engineer, EMC & Approvals
