To Whom it May Concern,

This letter is to designate Leo Yermakov as a Compliance Engineer at SRAM. He is authorized to act on SRAM's behalf for matters related to compliance, third party testing, and registration for SRAM and Quarq components. This includes interaction with regulatory bodies including but not limited to the FCC and IC in the United States and Canada. He may enter into contracts and authorize testing to be performed, as well as review or assemble any required information.

If further information is required, please feel free to contact me at any time.

A handwritten signature in black ink that reads "Kate Jakubas". The signature is written in a cursive, flowing style.
