

TCB reviewer's comment:

Is the attached Guide may be considered as User's Manual?

If yes, it should have all required FCC Statements: FCC 21, FCC 105.

Applicant response:

So, I've attached the latest "Collector Quick Start Guide" and on the guide it has this statement:

"For complete instructions, visit our website at quarq.com/collector." So this webpage will be the user manual. The collector part of the website is not live but will be when the device goes to market.

The below statements will be the first thing on this webpage.

Statement of Compliance: SRAM LLC.

Model#: CDMA

FCC ID: C9O-QOLL1

IC: 10161A-QOLL1

Model#: GSM

FCC ID: C9O-QOLL2

IC: 10161A-QOLL2

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1 This device may not cause harmful interference.

2 This device must accept any interference received, including interference that may cause undesired operation.

Warning: Any changes or modifications not expressly approved by SRAM could void the user's authority to operate this equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try and correct the interference by one or more of the following measures:

1 Reorient or relocate the receiving antenna.

2 Increase the separation between the equipment and receiver.

3 Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

4 Consult the dealer or an experienced radio/TV technician for help.

This product meets the applicable Industry Canada technical specifications.

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference that may cause undesired operation of the device.

The term "IC:" before the radio certification number only signifies that Industry Canada technical specifications were met.

Statement of RoHS Compliance

SRAM LLC. certifies that this product and its packaging are in compliance with European Union Directive 2002/95/EC on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronics Equipment, commonly known as RoHS.

ANT+™ Product Certification

This product is ANT+ certified and complies with the bicycle power ANT+ Device Profile. For a complete listing of ANT+ Certified Products and their specific interoperability, please visit www.thisisant.com.
