Dear Dan,

Subject: TCB Services Digital Transmission System – TPDC0A. Class II permissive change

We, Tait request Elite to carry out FCC Class II permissive change certification for our portable transceiver:

- FCC ID: CASTPDC0A

This Permissive Change is required to extend the frequency band of operation to 173.2-173.4MHz for FCC Part 90. The original results are still valid and the circuitry and software has not changed from previous grant.

Yours sincerely

A handwritten signature in black ink, appearing to read "D. Jackson".

David Jackson
Test Laboratory Services Manager
