Re: Request of Confidentiality

Pursuant to Sections 0.457(d)(1)(ii) and 0.459 of the Commission's Rules, the Applicant hereby requests confidential treatment of information accompanying as outlined below:

Block Diagrams, Schematics, Description of Operation

The above materials contain trade secrets and proprietary information not customarily released to the public. Johnson Controls has invested considerable resources into developing this Homelink® product. Having these materials available to 'competition' would negate the advantage achieved in developing this product. As Homelink® is a major product line for Johnson Controls, not protecting the details of the design will result in a financial hardship for the company and could provide unjustified benefits to its competitors.

The Applicant understands that pursuant to Rule 0.457(d)(1)(ii), disclosure of this Application and all accompanying documentation will not be made before the date of the Grant for this Application.

Pursuant to Rule 0.459 (a), this request shall be attached to the FCC Approval submittal materials regarding the Homelink® Product. .

Sincerely,
