Class II Permissive Change Request Letter

FCC ID: CCECMX-ZG03 (Original Grant Date: 05/17/2017)

To Whom It May Concern:

We are submitting an application for the class II permissive change to the FCC approval due to the changes addressed below;

<Applied changes to the module>

1. Decreased the hole size on the shield can so that it can successfully shielding wavelength of the intended radiation. Also we confirm that it is significantly smaller than the wavelength of the radiation.
2. Decreased output power by software configuration. We confirm that there is no modification applied to module's original design and maximum output power.

Lastly, we, hereby, confirms that there is no changes to the module other than addressed above.

Should you have any questions, please contact us.

Sincerely,

Name: Ji-Soo KIM
Title: Principal Research
