The image shows the back of a white Honeywell 5800PIR-RES motion detector. The top cover is removed, revealing the internal components. A large white label is affixed to the back of the unit. At the top of the label, the serial number 'A 013-2580' is printed. Below this, a box contains the text 'LOOP 1 | Pulse Count 2, 80 lbs Animal Immunity'. The label features several certification logos: ETL Listed (ETL), UL Listed (UL), CE, and N219. To the right of these logos, the model number '5800PIR-RES' is printed, followed by 'See manual 800-04182 Rev A'. Below the model number, the FCC ID 'CF840L5800PIR-RES' is listed, along with 'IC: 573F-5800PIR-RES' and 'IC Model: 5800PIR-RES'. At the bottom of the label, the text 'Assembled in Mexico' and 'Local P/N 800-04182V1 Rev A' is visible. The internal battery is a CR123A 3V lithium battery, with its label also visible. The battery label includes safety warnings in English and Spanish, such as 'CAUTION: RISK OF FIRE, EXPLOSION AND BURNING' and '¡PRECAUCIÓN: RIESGO DE INCENDIO, EXPLOSIÓN Y QUEMADURAS'. The battery is connected to the detector's circuitry via gold-colored contacts.
