To Whom It May Concern:

The enclosed form and engineering report are submitted for certification of Thales' Affinity LBD-series, 1.67GHz digital transmitter system for DVB-H mobile-media transmission under parts 2 and 27 of the FCC rules. The FCC identifier for the product family is selected as CHPLBD-25200. The transmitter(s) can be operated in a range from 25W-200W average power, not to exceed 2kW EIRP when antenna gain is considered.

Enclosed are an engineering report with required test results and a technical manual with circuit diagrams/theory of operation with intention of demonstrating compliance with FCC regulations.

If further information is required, please contact me at (413) 998-1151.

Sincerely,

Donald Wike
Manager, Low Power Product Development
Thales Broadcast & Multimedia Inc.
