

# Model : UC7224T4

## INSTRUCTIONS FOR OPERATION

### SETTING THE OPERATING CONTROLS

1. This unit operates on 23A a 12 volts battery (not included).  
To prevent possible damage if the battery should leak , be sure to remove the battery when the unit is not use .
2. This device whichone of black linesser ieswith AC 120V power supply.  
the color of the ground wire is kelly.
3. Store the controller away from excess heat or humidity .
4. This remote control unit is required with 24bit code combinations. To prevent possible interference from or to other remote units such as garage door openers, car alarm or security system . If you find that your fan and light kit go on and off without using your control , simply change the combination code in your transmitter and receiver .
5. Operation buttons on the panel of transmitter .

key- For fan HIGH speed control.

key- For fan MEDIUM speed control.

key- For fan LOW speedcontrol.

key- For fan OFF speedcontrol.

OR

OR

key- For light brightness and light ON/OFF control.

key- For fan speed Reverse.

POWER SWITCH – for POWER ON/OFF

**6.Start the fan :**

Press the fan button to run the fan at the desired .

**7.Turn off the fan :**

Press the OFF button .

One of the important feature of this control is AUTO-RESUME . After power on , it allows the light return to where it was off .

**GENERAL INFORMATION :**

This REMOTE controller is designed to separately control your ceiling fan speed and light brightness . The Light ON/OFF button will control the light brightness ON/OFF .

The LED indicator on the transmitter will light when the button is pressed .

**INSTRUCTIONS FOR INSTALLATION AND OPERATION OF FAN SPEED CONTROLLER**

**1. Setting the code on your new transmitter .**

Within 60 seconds of turning the AC power on, press and hold the OFF/STOP button for 5 seconds. The receiver will then lock in the chosen frequency. If your fan has a light it will blink twice, for fans without lights check operation using the transmitter

**NOTICE : The changes or modifications not expressly approved by the**

**party responsible for compliance could void user's authority to operate the equipment.**

**IMPORTANT NOTE: To comply with the FCC RF exposure compliance requirements, no change to the antenna or the device is permitted. Any change to the antenna or the device could result in the device exceeding the RF exposure requirements and void user's authority to operate the device.**

#### **FEDERAL COMMUNICATIONS COMMISSION INTERFERENCE STATEMENT**

**This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: -Reorient or relocate the receiving antenna.**

**-Increase the separation between the equipment and receiver.**

**-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. -Consult the dealer or an experienced radio/TV technician for help.**

#### **CAUTION:**

**Any changes or modifications not expressly approved by the grantee of this device could void the user's authority to operate the equipment.**

**This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference**

**received, including interference that may cause**

**Canada, Industry Canada (IC) Notices**

**This device complies with Canadian licence-exempt RSS standard(s).**

**Operation is subject to the following two conditions: (1) this device may not cause**

**interference, and (2) this device must accept any interference, including interference**

**that may cause undesired operation of the device.**

**Canada, avis d'Industry Canada (IC)**

**Cet appareil est conforme avec Industrie Canada exemptes de licence RSS standard(s).**

**Son fonctionnement est soumis aux deux conditions suivantes: (1) cet appareil ne**

**doit pas causer d'interférence et (2) cet appareil doit accepter toute interférence, notamment les interférences qui peuvent affecter son fonctionnement.**

### **Radio Frequency (RF) Exposure Information**

**The radiated output power of the Wireless Device is below the Industry Canada (IC)**

**radio frequency exposure limits. The Wireless Device should be used in such a manner such that the potential for human contact during normal operation is minimized. This device has also been evaluated and shown compliant with the IC RF Exposure limits under portable exposure conditions. (antennas are less than 20 cm from a person's body).**

**Informations concernant l'exposition aux fréquences radio (RF) La puissance de sortie émise par l'appareil desans file est inférieure à la limite d'exposition aux fréquences radio d'Industry Canada (IC). Utilisez l'appareil desans fil de façon à minimiser les contacts humains lors du fonctionnement normal.**

**Ce périphérique a également été évalué et démontré conforme aux limites d'exposition aux RF d'IC dans des conditions d'exposition à des appareils portables. (les antennes sont moins de 20 cm du corps d'une personne).**
