

INSTRUCTIONS FOR OPERATION

SETTING THE OPERATING CONTROLS

1. This unit operates on a 12 volts battery (not included).
To prevent possible damage if the battery should leak , be sure to remove the battery when the unit is not use .
2. Store the controller away from excess heat or humidity .
3. This remote control unit is required with 24bit code combinations. To prevent possible interference from or to other remote units such as garage door openers, car alarm or security system .
4. Operation buttons on the panel of transmitter .

5. **Start the fan**
Press the **FAN speed button** .
6. **Turn off the fan :**
Press the **OFF button** .
7. **Light control :**
Turn the light on or off by only touching the **LIGHT CONTROL button** .
Keep pressing the button in excess of 0.7 second it becomes a dimmer ,
the light varies cyclically in 0.8 second .

GENERAL INFORMATION :

This REMOTE controller is designed to separately control your ceiling fan speed and light brightness . The Light ON/OFF button will control the light brightness ON/OFF . The LED indicator on the transmitter will light when the Function button is pressed .

INSTRUCTIONS FOR INSTALLATION AND OPERATION OF FAN SPEED CONTROLLER

1. Setting the code on your new transmitter .

Within 60 seconds of turning the AC power on, press and hold the FAN ON/OFF button for 5 seconds. The receiver will then lock in the chosen frequency. If your fan has a light it will blink twice, for fans without lights check operation using the transmitter

NOTICE :

The changes or modifications not expressly approved by the party responsible for compliance could void user's authority to operate the equipment .

IMPORTANT NOTE: To comply with the FCC RF exposure compliance requirements, no change to the antenna or the device is permitted. Any change to the antenna or the device could result in the device exceeding the RF exposure requirements and void user's authority to operate the device.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause

Canada, Industry Canada (IC) Notices

This device complies with Canada licence-exempt RSS standard(s).

Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Canada, avis d'Industry Canada (IC)

Cet appareil est conforme avec Industrie Canada exemptes de licence RSS standard(s).

Son fonctionnement est soumis aux deux conditions suivantes : (1) cet appareil ne doit pas causer d'interférence et (2) cet appareil doit accepter toute interférence, notamment les interférences qui peuvent affecter son fonctionnement.

Radio Frequency (RF) Exposure Information

The radiated output power of the Wireless Device is below the Industry Canada (IC) radio frequency exposure limits. The Wireless Device should be used in such a manner such that the potential for human contact during normal operation is minimized.

This device has also been evaluated and shown compliant with the IC RF Exposure limits under portable exposure conditions. (antennas are less than 20 cm of a person's body).

Informations concernant l'exposition aux fréquences radio (RF)

La puissance de sortie émise par l'appareil de sans fil est inférieure à la limite d'exposition aux fréquences radio d'Industry Canada (IC). Utilisez l'appareil de sans fil de façon à minimiser les contacts humains lors du fonctionnement normal.

Ce périphérique a également été évalué et démontré conforme aux limites d'exposition aux RF d'IC dans des conditions d'exposition à des appareils portables. (les antennes sont moins de 20 cm du corps d'une personne).
