Re: Technical Justification Letter Pertaining to FCCID:CJ6UPA3758WL,  
IC: 248H-DPA3758W

To Whom It May Concern:

This is to justify that TOSHIBA AMERICA INFORMATION SYSTEMS, INC. will be installing the identical approved 802.11 bgn 1x2 mini card, Model Name: PA3758U-1MPC in a portable host, Satellite T110/115. We have done a SAR evaluation for this new portable host and are submitting for a Class II Permissive Change filing. There is no change on the module hardware and the antennas used in this portable host is the same antenna type as the previous with less gain by comparing to the certified antennas included in the original modular approval, and output power remains unchanged. Therefore EMC tests are not performed.

Sincerely,
